DEPARTMENT LEADERSHIP

CHIEF OF POLICE ALEXANDER RAMIREZ

In 2025, the Police Department established three major goals: achieving an overall sworn strength of 196

officers; advancing the Department toward accreditation through comprehensive updates to policies and procedures; and preparing the organization for effective succession planning and employee retention.

I am pleased to report that, as of this writing, our sworn strength stands at 188 officers. We have also made significant progress in modernizing previously antiquated policies and procedures to align with contemporary policing standards and best practices. In support of our succession planning efforts, leadership training has been provided to all supervisors and professional civilian staff. Additionally, members of the senior staff have enrolled in and/or completed master's degree programs, further strengthening the Department's leadership capacity and organizational readiness.

In 2025, thanks to the generosity of local partners, we opened a Community-Oriented Policing Office in downtown Racine. This initiative further reinforces our commitment to a collaborative approach to public safety that emphasizes strong partnerships between the police and the community we serve.

We also continued to see a reduction in gun crime during 2025. While our work is not complete, reductions in this category of crime are a meaningful measure of policing effectiveness. These accomplishments are not the result of any one individual, but rather the collective efforts of many. I extend my sincere gratitude to the men and women of this Department for their dedication, professionalism, support, and continued commitment to the city and its residents. I also thank our many community partners and program collaborators, whose support and cooperation play a vital role in making our community safer.

Throughout this annual report, you will read about many additional successes, including technological advancements and continued community engagement, an area of work of which I am especially proud. I encourage you to review this report and learn more about the progress we have made together.

ASSISTANT CHIEF OF POLICE RICHARD TOELLER

This year has brought both opportunities and challenges as we continue to strengthen our department and serve our community. One of our most significant responsibilities is mentoring a workforce where over half of our officers have less than five years of experience. This dynamic presents a unique chance to shape the next generation of law enforcement professionals, instilling in them the values of integrity, accountability, and community partnership. I am proud of

the progress we've made in fostering leadership among our ranks and reinforcing our nationally recognized Community Oriented Policing model. Together, we remain committed to building trust, enhancing safety, and ensuring that our department grows stronger with every passing year.

DEPUTY CHIEF - PATROL DIVISION ADAM MALACARA

I am a lifelong resident of Racine and am proud to have served this community for the past 26 years. I currently oversee the Patrol Division which continues to see an influx of new officers. The Patrol Division is the largest division of our agency consisting of four shifts, the COP Unit, K-9 unit, and School Safety and Security Unit. The Patrol Division works hard not only to address quality of life issues and crime but also to foster relationships with the members of the community. By doing

so we hope that together, we can create a community that is safe and prosperous for our citizens as we serve with understanding, fairness, and compassion.

The Racine Police Department works hard to involve the community in our efforts to make a safe Racine. We appreciate the community's support and commitment to achieving this goal and are grateful for the many community partners who share in that success. I commend the members of the Racine Police Department's Patrol Division for their commitment to their duties and to our community.

DEPUTY CHIEF - INVESTIGATIVE DIVISION

JESSIE METOYER

It is an honor and privilege to serve as Commander of the Investigative Division of the Racine Police Department. This division includes the Detective Bureau, Violent Crimes and Intelligence Unit, Identification Unit, Criminalist Section, National Integrated Ballistic Information Network (NIBIN) Unit and Crime Analysis, and the Major Crimes Team. Each year I look forward to highlighting accomplishments within our division. This year I'd like to highlight the exceptional work of our Detective Bureau.

Beginning in the final quarter of 2024 and continuing through October 2025, the Violent Crimes and Intelligence Unit (VCIU) was engaged in a lengthy and resource-intensive federal conspiracy investigation. This case was highly successful and will be highlighted later in this report. What deserves recognition here, however, is critical work that often goes unnoticed. Violent crimes requiring investigation do not stop when task force officers are unavailable to handle them. In 2025, the Detective Bureau, led by Lieutenant Sarah Zupke and Sergeant Jake Smetana, ensured that cases typically assigned to VCIU personnel were absorbed by bureau investigators. These cases included numerous violent crimes, firearms offenses, and drug-related investigations.

As a result, the caseload for Detective Bureau investigators increased significantly. Despite these additional demands, the team met the challenge with professionalism and dedication. Notably, there were eight homicides in the Racine community in 2025, and Detective Bureau investigators led four of those investigations. The Racine community is well served and our public made safer by the extraordinary commitment and professionalism of the women and men assigned to this unit.

DEPUTY CHIEF - SUPPORT SERVICES

CHAD MELBY

I was promoted to the position of Deputy Chief in April 2024 following nineteen years of service in law enforcement. I currently serve as the Deputy Chief of the Support Services Division, which includes the Training Unit, Courts Unit, Customer Service Representatives, Technology and Fleet Management Unit, Records Division, Community Service Officers, and Crossing Guards. These units are essential to the overall operation of the police department, supporting functions such as officer training, recruitment and hiring, animal-related complaints and investigations, records management, and budget oversight. It is an honor to work alongside the dedicated men and women of the Support Services Division.

INTELLIGENCE UNIT

In 2025, the Racine NIBIN (National Integrated Ballistic Information Network) Program and Crime Analysis Unit transitioned into the newly established Racine Police Department Intelligence Unit. The Intelligence Unit consolidated existing departmental functions, including cell phone extraction and exploitation, crime data analysis, and the NIBIN Program, with the objective of streamlining the acquisition and dissemination of historical, trending, and real-time crime intelligence. The Intelligence Unit is actively pursuing partnerships with surrounding agencies and the ATF (Bureau of Alcohol, Tobacco, Firearms, and Explosives) to achieve designation as a CGIC (Crime Gun Intelligence Center), which will further expand the scope and reach of crime and gun intelligence collection and dissemination efforts moving into 2026.

The Violent Crime Intelligence Unit (VCIU) became aware of a drug trafficking organization operating in the Racine area responsible for the distribution of a substantial amount of narcotics in our community. In addition, Investigators discovered that this same criminal organization was responsible for the illegal sale of firearms that were connected to two recent homicides in a neighboring community.

Members of the VCIU task force spearheaded a six-month preliminary investigation, and during that time it was learned that the criminal organization in question was conspiring to traffic narcotics and firearms not only in our city but also in various parts of the country. Through investigative efforts it was confirmed that this criminal group was also connected to a large-scale narcotics trafficking and money laundering investigation led by the DEA (Drug Enforcement Administration) in Medellin Columbia. VCIU was able to substantiate that the criminal organization was involved in:

- Narcotics Distribution
- Firearms Trafficking
- Violence
- Murder
- Money Laundering

In May of 2025, a Title-III wiretap was approved to identify the source of narcotics and firearms to the organization. What became “Operation Chaulk-Line” spanned a 12-month operational period consisting of a 6-month initial investigation and a 6-month Title-III investigation. The investigation proved to be highly successful in its’ mission to determine the primary source of narcotics. A significant web of criminal enterprise was uncovered, and the US Attorney’s Office has stated that this case has been one of the most productive Title-III’s that has come out of the FBI Milwaukee Task Force.

As a result, criminal complaints were drafted for **27** individuals identified during Operation Chaulk-Line. All **27** will face indictment in the US Eastern District Court of Wisconsin. Operation Chaulk-Line concluded on 10/22/2025 with a simultaneously coordinated takedown of **25** locations. Criminal complaints were drafted for **27** suspects and all of which were located on the takedown date. The statistical results for the totality of the investigation are as follows:

- **Cocaine:** 3801 grams (8.3 lbs. – 3.8 kilos)
- **Fentanyl:** 908.3 grams (2 lbs.)
- **Heroin:** 28.3 grams
- **Pills:** 180,000
- **Marijuana:** 30.17 lbs.
- **Methamphetamine:** 1951 grams (4.3 lbs.)
- **US Currency:** \$106,824
- **Firearms:** 31
- **Arrests:** 26

Aside from the notable work done during Operation Chaulk-Line, VCIU worked diligently to address violent crime within the City of Racine as is evidenced by the additional 80 felony arrests made and additional 25 firearms recovered. Members of VCIU were also activated for numerous major crimes including eight homicides in 2025, and of these, VCIU investigators took the lead on four of these homicides.

VCIU as a collective team has done an extraordinary job in their mission to address violent crime in and around the City of Racine. This is evidenced not only in the statistical data surrounding their case work but also in the overall drop in violent crime. Shots fired incidents are down 19% and non-fatal shootings are down 42% from the prior year.

PEER SUPPORT

In 2025, the Peer Support Team continued to focus on its goal of providing all employees of the Racine Police Department and their families with access to confidential emotional and tangible support during times of personal or professional crisis. Providing support in a safe and trusted environment promotes enhanced mental wellness, reduces the stigma associated with seeking mental health assistance within police culture, and fosters resilience through meaningful peer-to-peer connections.

As a key component of the Racine Police Department Wellness Program, the Peer Support Team emphasizes early intervention by identifying signs of stress, promoting self-care and self-advocacy, and connecting employees with appropriate resources and specialized services when needed. The Peer Support Team also recognizes the importance of extending support to family members of law enforcement officers as they navigate the unique challenges associated with constant exposure to pressure, trauma, and high-stress situations experienced by their loved ones.

Through continued collaboration with Chaplain Art Rader and Mental Health Professional Elizabeth Willman, the Peer Support Team facilitated training opportunities, critical incident debriefings, and wellness services for officers and their

families throughout 2025. The availability of dedicated mental health partnerships and clergy support further expanded the reach and effectiveness of Peer Support services. One significant area of growth during the year was the standardization of education for new hires and their families regarding the mission of Peer Support and its role throughout a law enforcement career. Expansion was also evident among current members, with increased utilization of services, earlier engagement, and a continued reduction in stigma surrounding help-seeking behaviors.

Peer Support Team members continue to participate in ongoing training to ensure they are equipped with the tools and techniques necessary to assist members of the law enforcement family during and after critical or traumatic incidents. Team members annually attend the Wisconsin Department of Justice Peer Support and Wellness Conference, along with additional professional development opportunities such as the Mental Health and Wellness Symposium and Basic Peer Support Training.

CADET PROGRAM

The mission of the Racine Police Department Cadet Program is to develop educated, well-trained, and diverse candidates to prepare them for a career in law enforcement. Cadets attend weekly meetings where they are taught job-specific topics by sworn officers and participate in scenario-based training.

Paid cadet positions are also offered following a rigorous application process that mimics the process undergone by those that become sworn law enforcement officers for the City of Racine. Paid cadets assist with online report processing and community outreach as well as any additional tasks requested by sworn officers or support staff. The goal of these positions is to prepare future applicants for a career as police officers in the City of Racine.

2025 saw many successes for the Racine Police Department Cadet Program. Cadets participated in many hours of community service, including attending and assisting with the Fourth of July Parade and Fireworks, Anthony Lane COP House Movie Nights, St. Patrick's Day Parade, and the Holiday Parade. The paid cadets combined to process approximately 481 online reports, significantly reducing workload for patrol officers and investigators.

Former cadet Jamie Strain graduated from the law enforcement academy in 2025 and is currently working through the field training program. Ofc. Morales completed the field training program in 2025 and joins former cadets Ofc. Sanders and Ofc. Brandies as a solo officer on the road.

In 2025, 13 sworn officers served as cadet mentors. These officers developed lesson plans and scenarios to teach cadets during the weekly meetings and accompanied cadets to department and community events. Three mentors resigned from their positions in 2025. The Racine Police Department Cadet Program would like to thank Lieutenant Garcia, Investigator Leigh, and Sergeant Ulickey for their service to the program. We are thrilled to welcome Sergeant Benitez, Investigator Frieri-Gaines, and Officer Wolfe to the program as new mentors.

The Racine Police Department Cadet Program plans to continue preparing future officers and engaging in community outreach throughout 2026.

TRAINING AND RECRUITMENT

Training

The Training Unit experienced another highly productive year in 2025, marked by the introduction of new training initiatives and the successful achievement of established goals. The Unit was responsible for the hiring and training of 20 new police officers and continues to play a critical role in the Department's overall recruitment and hiring process.

In 2025, the Training Unit continued its enhanced post-academy training program, providing more than three weeks of structured instruction for newly graduated officers to ensure they are well prepared for their first patrol assignments. Department-wide training was conducted throughout the year and included Active Shooter and Room Clearing, Ballistic Shield operations, Less-Lethal (PepperBall) deployment, Taser certification, Firearms proficiency, and Tactical Casualty Care, along with numerous on-shift training sessions.

The Training Unit continued to utilize the VirTra® Simulator and a recently redesigned Tactical House, reinforcing an emphasis on scenario-based training designed to prepare officers for the wide range of calls encountered in daily operations. Additionally, the Unit placed increased focus on physical readiness through organized morning and weekly group fitness training.

Recruitment

The Racine Police Department has faced significant staffing challenges since 2020, making effective recruitment efforts increasingly critical in subsequent years. Through strategic planning and focused recruitment initiatives, the Department has continued to make measurable progress toward restoring full staffing levels. After previously operating with approximately 60 fewer officers than authorized strength, the Department has consistently hired between 20 and 30 new members annually, bringing staffing levels closer to operational needs and ensuring the continued delivery of effective public safety services to the community.

The Racine Police Department hired another original cadet as a sworn police officer in 2025. This program remains a valuable pathway for preparing local youth for careers in law enforcement while fostering early engagement and professional development within the community.

To further strengthen recruitment efforts, the department expanded its recruitment team to 25 members, increasing its presence at career fairs throughout the Racine area, as well as at technical colleges and universities. These efforts have contributed to a sustained increase in applicant numbers, surpassing levels seen over the past five years.

K9 UNIT

In 2025, the Racine Police Department K9 Unit was comprised of five dedicated teams serving our community. During the year, we mourned the loss of K9 Hax and honored the service and impact he and his handler, Officer Donald Rybarik, had on Racine.

We welcomed two new teams: Officer Devin Jander with K9 Genny and Officer Kyle Trousil with K9 Draco. Both are dual purpose apprehension and narcotics detection K9s, strengthening our efforts to keep illegal drugs off our streets and enhance public safety.

Officer Schmidt-Quist with K9 Loki and Officer Kuiper with K9 Blue are dual purpose teams specializing in firearms detection, (including the location of spent shell casings, and explosives detection), along with apprehension. Their advanced training allows them to locate critical ballistic evidence that is often difficult to detect through traditional search methods. In recognition of their expertise, both teams were invited to assist with security operations at the 2025 NFL Draft at Lambeau Field, helping ensure a safe environment for all attendees.

Throughout 2025, our K9 teams supported patrol operations, recovered illegal narcotics and firearms, located critical evidence, and assisted in the apprehension of violent wanted individuals. Their work frequently helped bring situations to a safe and peaceful resolution, reducing the risk of injury to officers and community members.

We also recognize the retirement of Officer Dave Arvai and K9 Karma at the end of 2025 and thank them for their many years of dedicated service to the Racine community.

MOTOR UNIT

In 2025, the Racine Police Department Motor Unit expanded its capabilities with the addition of two certified motor operators, Officer Christopher Vertz and Traffic Investigator Carlos Reyes. Both officers successfully completed an intensive 80-hour training program conducted by Harley-Davidson and the Texas A&M Engineering Extension Service (TEEX). They join Investigator Daniel Tredo, Traffic Investigator Dan Nelson, and Officer Kane Castel as members of the unit.

The Motor Unit was honored to support several significant events throughout the year. On July 11, officers provided funeral escort services for fallen Milwaukee Police Officer Kendall Corder. The unit also assisted in planning the funeral escort for retired Burlington Fire Chief Alan Babe on July 17. In addition, the Motor Unit supported multiple community-focused initiatives, including fundraising escorts for the Racine Moose Lodge, C.O.P.S. Kids Camp, and the Law Enforcement Torch Run for Special Olympics.

Motor officers were actively engaged in numerous community events during 2025, providing traffic enforcement, traffic control, and public outreach. Officers Tredo and Castel were further privileged to represent the department at National Police Week in Washington, D.C., assisting with escort services for the families, friends, and colleagues of fallen officers.

To maintain a high level of proficiency and safety, the Motor Unit conducts monthly training during the riding season and completes annual recertification. This ongoing training ensures the continued development of critical skills necessary to protect both officers and the community.

COMMUNITY ORIENTED POLICING (C.O.P.)

In 2025, the Community Oriented Policing (C.O.P.) Unit added a seventh C.O.P. house within the City of Racine. The Main St. C.O.P. Office had its grand opening in April and is the seventh location serving the Racine community,

along with Marty Defatte COP House (6th St.), William Wadewitz COP House (Mead St.), Dr. Thelma Orr COP House (Villa St.), Richard Polzin COP Office (16th St.), Ernest and Bernice Styberg COP House (Anthony Ln.) and the Robert Quintanilla COP House (Geneva St.). The addition of a police office downtown is intended to assist with quality-of-life issues, criminal patterns located within the downtown neighborhood and to be a continual police presence for the area.

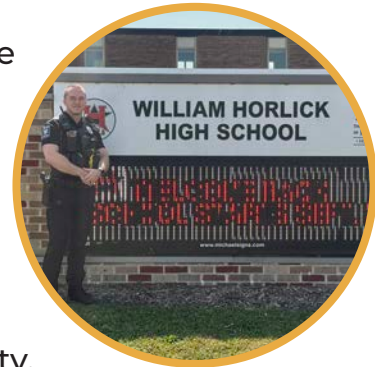

Throughout the year, the Main St COP Office has worked with residents, businesses and community leaders to address issues of concern, provided trainings on crime trends and crime prevention strategies, brought added resources to residents and businesses, and provided additional police presence to area events. Along with these initiatives, the Main St COP Office hosted multiple events including Business Owner Seminars, Neighborhood Watch meetings, a Halloween Candy Crawl, a winter clothing giveaway and a tabling event geared towards bringing multiple agencies together to talk about how to better serve our community. Furthermore, in 2025 the C.O.P. Unit as a whole either organized or participated with countless events including multiple Coffee with a Cop events, Easter Egg Hunts, Neighborhood Cleanups, Movie Nights at COP houses, Waffle Wednesday's on Geneva, Trunk-or-Treat event, Stuff the Squad Food Drive for Veterans Outreach, Multiple Christmas events, Juneteenth

Celebration, Cops-n-Cuts haircut event, School Supply Giveaways and National Night Out events to name a few.

Along with the seven house officers, The C.O.P. Unit is comprised of officers

referred to as "Beat Officers", as well as School Resource Officers (SRO's) via our School Safety and Security Division. Our Beat Officers work in tandem with our house officers to address quality of life issues and address more of the enforcement efforts helping to bring neighborhood stabilization to needed areas where crime trends have been documented. One example of this is the rise in gun violence and gun related offenses. In 2025, our house and beat officers recovered 61 firearms, helping to reduce the potential for those guns to be used illegally in our community.

The Racine Police Department works hand in hand with Racine Unified, creating an effective School Safety and Security Division. There are two dedicated school resource officers, one at Horlick High School and one at Park High School. Additional off-duty officers work at these schools during the day and help to give coverage to the middle schools as well. The presence of officers in schools help create a strong partnership with Racine Unified, fosters bonds and relationships with students and their families and help

to address any law enforcement issues the schools face. We have gone further than just assisting throughout the school day and provided site security to multiple after school programs and sporting events throughout 2025. Although Racine Police Departments COP/School Safety and Security partnership is with Racine Unified, we have extended our personal assistance to all Racine schools in the form of training, community engagement opportunities and site assessments.

The work the C.O.P. Unit and School Safety and Security Division accomplished in 2025 helped to create safer communities and schools, safer events, better community engagement between the police department and Racine community and fostered lasting partnerships that will prove beneficial for the progress into 2026.

COMMUNITY ORIENTED POLICING HOUSES

Marty Defatte COP House 1522 W 6th St:

Officer Carlos Reyes partnered with 16th Street House Officer Brady Brenner to host a Bike and Safety Community Day at The Branch, bringing together youth and families for an engaging and educational event. Activities included a soccer clinic, a bicycle safety course with hands-on tips, and interactive opportunities for children to explore a fire engine, Bearcat, and police motorcycle. Over a dozen bicycles were given away at this event.

SHOP WITH A COP

We held our 12th annual Shop with a Cop event on December 13, 2025. The Racine Police Department partners with the Racine Unified School District to identify worthy students who do well in school, have great attitudes, and show kindness to others to participate in the program. Fifty students are chosen to shop with a cop from one of the local law enforcement agencies and given money to spend on gifts for themselves and their families. It's a great way to engage with the community and for the children to have positive experiences with law enforcement. The Shop with a Cop program is funded 100% from donations accepted throughout the year. The donations come from members of the community, local businesses and some major organizations. The Racine Police Department would like to thank SC Johnson, the Racine Police and Retired Racine Police Associations, RUSD, Pepsi Co., and Walmart for donating to this year's Shop with a Cop! A special thanks to Walmart for hosting the event for the past twelve years.

SHOP WITH A COP

CIVILIAN SPOTLIGHT

Veronica Vasquez

Veronica Vasquez, Racine Police Department's Subpoena Clerk, has been with the Racine Police Department for 10 years. She is responsible for working with the District Attorney's Office, Municipal Court, and other entities to issue subpoenas to officers. She tracks these subpoenas to ensure that officers appear and updates the officers and the courts when there are changes. She helps officers get set up when appearances are via zoom for DOC (Department of Correction) hearings. Veronica also has the responsibility of tracking vehicles in our Impound lot. She works with CSOs (Community Service Officers) on getting the vehicles salvaged or returned to owners. She attempts to contact vehicle owners/lien holders via the phone, mail, etc. to determine if they will be retrieving their vehicles or not. She tracks all the vehicle information and works with the CSOs, Records personnel, and City Finance when the vehicles are set to be sent out for a bid. Veronica's hard work and attention to detail help keep things running smoothly every day. We are grateful for her dedication and proud to have her as part of the Racine Police Department team.

CROSSING GUARDS

The City of Racine Crossing Guards continued to demonstrate exceptional dedication in 2025, ensuring the safety of schoolchildren in all weather conditions. Stationed at their posts each school day, they play a vital role in protecting students from vehicular traffic while serving as trusted and caring presences within the community.

In August, crossing guards participated in an appreciation luncheon combined with refresher training and safety reminders in preparation for the 2025–2026 school year. Additional recognition took place in November during the 17th Annual DjMr262 Charity Week, when crossing guards were honored with coffee and donuts, gift bags, and raffle prizes, including two dinners.

The program welcomed three new crossing guards in 2025, further strengthening this essential service. Several guards celebrated significant milestones: Dianna Hines (20 years), Olga Rico (14 years), Richard Worden (13 years), Linda Wade (11 years), Lance Fondren (10 years), and Cleveland Brown (10 years). Crossing Guard Alvis Harrell retired in December after 16 years of dedicated service.

The City of Racine Crossing Guards are dedicated, kind-hearted individuals who consistently step forward to serve the community and never hesitate or complain when called upon. Their commitment and compassion remain an invaluable part of ensuring the safety and well-being of Racine's children.

COMMUNITY SERVICE OFFICERS

In 2025, our Community Service Officers (CSOs) had a busy and rewarding year serving the community. They responded to more than 11,000 calls for service and handled a wide range of responsibilities, from parking enforcement to animal-related concerns. CSOs also issued 821 animal-related citations and provided 39 spay and neuter vouchers to low-income families, helping ensure pets receive the care they need.

Throughout the year, officers identified 65 animals as dangerous, always working with care and compassion to protect both residents and animals.

Connecting with the community remained a priority. CSOs spoke with seven groups at the Wisconsin Humane Society's Youth Summer Camps, sharing what they do and how they support people and animals alike. Professional development was also a focus, with three CSOs completing Wisconsin Humane Officer Training and earning state certification. Several meaningful cases highlighted the importance of this work, including the rescue of 13 dogs from unsafe living conditions and successful convictions in animal neglect and cruelty cases. While some situations

were difficult, many animals rescued in 2025 went on to recover and find loving, permanent homes. With the addition of two new CSOs, the unit continued to grow its capacity to serve. Overall, 2025 was a year of learning, connection, and positive impact, and our CSO Unit looks forward to continuing this work alongside the community in 2026.

“Working Together for Community Safety”

Susan Feehrer-Laack

Executive Director, Racine Neighborhood Watch

February 2026

For more than four decades, the Racine Police Department and Racine Neighborhood Watch (RNW) have worked side by side, guided by the shared belief that community safety is strongest when residents and law enforcement work together. That philosophy continues to shape a proactive approach to crime prevention—one that emphasizes communication, trust, and positive relationships at the neighborhood level.

As a nonprofit organization, RNW works with residents to create safe, friendly, and vibrant neighborhoods throughout the Racine community by addressing both crime prevention and quality-of-life concerns. This community-based structure allows RNW to serve as a bridge between neighbors and public safety systems—supporting productive, collaborative relationships among residents, the Racine Police Department, and community agencies while maintaining strong local connections.

RNW and the Racine Police Department continue to collaborate on Neighborhood Watch initiatives, community engagement efforts, and public safety education designed to keep residents informed and involved. These efforts support early identification of concerns, encourage constructive problem-solving, and reinforce shared responsibility for neighborhood well-being—often helping address issues before they escalate into repeated calls for service or enforcement action.

The partnership also extends beyond traditional crime prevention activities. Through education, outreach, and community-based events, RNW and

the Racine Police Department create opportunities for residents and officers to interact in positive, informal settings. Programs such as Neighborhood Block Watch and initiatives including community meetings and National Night Out strengthen relationships, build trust, and reinforce the department’s commitment to being visible, approachable, and responsive within the community.

Ongoing participation is further supported through regular collaboration at Community Oriented Policing (COP) Houses. RNW facilitates monthly Neighborhood Watch meetings at each of the six COP Houses and the new COP Office, providing residents with consistent opportunities to interact personally with officers and other neighborhood residents. Together, participants discuss neighborhood issues and concerns, engage in problem-solving conversations, and share positive experiences.

Together, RNW and the Racine Police Department continue to demonstrate that prevention, engagement, and collaboration are essential components of effective public safety. This long-standing partnership supports neighborhood stability, strengthens trust, and contributes to safer, more connected communities throughout the Racine community.

COMMUNITY RECOGNITION/AWARDS

Officer Max Golden

Officer Max Golden received the Wisconsin State Capital First Responder of the Year Award. Officer Golden was nominated by Representative Angelina Cruz and the citizens of the 62nd Assembly District. This nomination recognized Officer Golden's heroic, selfless, and life-saving actions in April 2025, when he was the first to arrive at the scene of a house fire.

Officer Gabrielle Hood

Officer Gabrielle Hood was honored with the Community Impact Award for her exceptional service and commitment to community policing during National Night Out on August 5th. The award was presented by Nakeyda Haymer, founder of the Violent Crime Reduction Initiative (VCRI) and regional lead for Voices of Black Mothers United (VBMU).

Officer Zechariah Kuiper

Officer Zechariah Kuiper was recognized as a Hometown Champion by the Milwaukee Brewers. Officer Kuiper was selected due to his role as a mentor to newer officers, his involvement in community events like Shop with a Cop, and his commitment to high standards through training and guidance.

COMMUNITY ENGAGEMENT & VOLUNTEERISM

Beyond the programs highlighted elsewhere in this report, the Racine Police Department remains actively engaged in a wide range of community events and service initiatives throughout the year. Department members participate in Salvation Army Bell Ringing, Empty Bowls, Party on the Pavement, Harbor Market, holiday parades, COP House events, and the Orchestrating Good initiative, which hosts a mobile ice cream giveaway during the summer and provides gifts to families over the holidays.

Service to the community extends beyond official duties. Many department members volunteer their time on local boards, support nonprofit organizations, and contribute to neighborhood initiatives while off duty. Their involvement reflects a deep and personal commitment to Racine.

Chief Alexander Ramirez demonstrates his dedication to public service through active leadership and involvement in numerous professional and community organizations. He serves as a board member of the United Way of Racine County and as Treasurer and a board member of the Racine County Law Enforcement Executives Association. Chief Ramirez is also an Institutional Leadership Partner with Higher Expectations of Racine County, supporting efforts to improve educational outcomes and community success. In addition, he maintains membership in several respected professional organizations, including the

***“When the
uniform
comes off,
service
continues.”***

Police Executive Research Forum’s Senior Management Institute for Police, the Wisconsin Police Executive Group, the Wisconsin Chiefs of Police Association, and the International Association of Chiefs of Police, exemplifying his ongoing dedication to professional excellence and collaborative leadership.

Assistant Chief Richard Toeller extends his commitment to serving others through his leadership at Royal Family KIDS Camp (racine-rfk.org), a program dedicated to creating life-changing experiences for children in foster care ages 7–11. Since joining

Royal Family KIDS in 2011, Assistant Chief Toeller has helped organize and guide the camp, providing hope, encouragement, and positive memories for some of the most vulnerable kids in our community. Each year, approximately 40 children attend the camp, and since 2002,

Royal Family KIDS has provided 821 camp experiences—a testament to the lasting impact of volunteers like Assistant Chief Toeller who embody the heart of public service by building trust, compassion, and resilience beyond the badge.

Deputy Chief Jessie Metoyer serves as a member of the State of Wisconsin Law Enforcement Standards Board and its Executive Committee. She also serves on the Grants Committee for the Racine Community Foundation, a nonprofit organization dedicated to supporting

community initiatives and improving quality of life in Racine through charitable giving and grantmaking.

Lieutenant Sarah Zupke joined the Fight to End Exploitation (FEE) Board last year. FEE is a non-profit organization with a goal of eradicating human trafficking and exploitation. FEE provides education, raises awareness, assists with intervention tools, and advocates for victims of human trafficking.

Sergeant Jacob Smetana and Investigator Nicholas Groth represent the Racine Police Department within the Wisconsin Professional Police Association (WPPA). The WPPA is a nonprofit organization that provides support to law enforcement members across Wisconsin 24 hours a day, 365 days a year, in the event of an emergency situation. Sergeant Smetana serves as a Board Member, and Investigator Groth serves as Treasurer. In addition to their official duties, both dedicate time outside of work to support WPPA initiatives, demonstrating their commitment to law enforcement and the broader professional community.

Officer Gabrielle Hood is actively involved with several nonprofit organizations throughout Racine. She serves as Board Chair for HALO, Inc., the city's only homeless shelter, and sits on the Board of Directors for the Hospitality Center and Project Restoration, organizations that provide essential resources and support to individuals facing hardship. In addition, Officer Hood is a committee member for The Mahone Foundation Scholarship, serves on the Steering Committee for Align Wisconsin, and is an Action Team member of the Safety and Wellbeing Collaborative at The Johnson Foundation at Wingspread. Through this work, she helps advance community-driven solutions that strengthen Racine's social and economic future.
